66 **Francis Joseph I.** 1848–1916. Ducat 1855 A. Fr. p. 60.392($25). EF. (20.00)

A marvellous collection of brilliant ducats, 8 and 4 gulden, 20 and 10 korona pieces, gathered mostly between 1924 and 1938 by an European numismatist. Each of the following coins will be an asset to your cabinet and it will be difficult to obtain these today in such condition. The valuations in Friedberg of course do not apply to **brill. unc.** conditions, but to very fine average. Valuations have increased for Austrian coins so that 10 ducat pieces listed at $400 sell for $1100–$1200 today. It is important in bidding to realize that Friedberg's valuations just do not apply to the following coins.

ATOMIC COLLECTION

LOTS 1051–1835

A "MUSEUM DISPLAY" SELECTION
of BRONZE DRACHMAS of ROMAN EGYPT
from the collection of
COL. JAMES W. CURTIS

These beautiful large bronzes average between 33 and 35 millimeters in diameter, and resemble the Roman sestertii in many ways. The obverse always portrays the emperor (or member of the imperial family) in superb high relief. The reverse motifs may be Roman, Greek or Egyptian; in many cases, these motifs are not found on any other coins of the Roman Empire.

"IMPERIAL THEME" REVERSES

1051 ANTINOUS. Unique medallic double-drachma, hitherto unpublished. Beautiful high-relief bust of Antinous, draped, on obverse, with clear legend ANTINOOE; hemhem crown below bust. Reverse shows Antinous, as the god Hermes, astride horse. 41mm flan. (year 19?) Obverse "very fine", reverse "fine". This unique "museum piece" should bring at least. (115.00)

1052 ANTINOUS. Standard drachma, similar to above, but in different style, by different engraver. Antinous wears hemhem crown on head, and has "page boy" hairdo. Pleasingly patinated, in "about fine" condition, with clear legend. Very rare. (50.00)

1053 VESPASIAN. Double portrait coin, showing head of Titus on reverse. Both portraits are superb, and show no signs of wear. Inscriptions are sharp and clear. Dated year 8 (of Vespasian), unlisted by BMC or Milne; in extremely fine condition. (25.00)

1054 VESPASIAN. Double portrait, as above, but dated year 9. Very fine condition (obverse), fine reverse; BMC 226, Milne 449. (15.00)

1055 DOMITIAN. Emperor standing in biga of centaurs, his right arm raised in salute; one centaur holds figure of Nike, other turns to salute emperor. This very rare motif, issued in year 15, is not listed in BMC, but is no. 529 in Milne; very good condition. (20.00)

1056 TRAJAN. Emperor standing victorious by vanquished **Armenian** king. This patinated drachma, issued in Trajan's year 18, is of great historic interest. Not listed in BMC or Milne, but no. 714 in Dattari, this fine coin is extremely rare. Of particular interest to historians. (27.50)

1057 TRAJAN. Emperor standing in quadriga, holding olive branch in right hand. Dated year 20. In very fine condition, this attractive coin is not in Milne, but is BMC 523. (12.50)

1058 HADRIAN. Emperor in quadriga, as above, but also holding sceptre in left hand. Dated year 16. This gem, in chocolate brown color, has superb art work, and presents one of the finest portraits that can be found. Extremely fine example of BMC 866 and Milne 1340. (20.00)

1059 HADRIAN. Emperor in quadriga, being saluted by Alexandria. Another piece of fine art work, depicting the personified Egyptian city welcoming Hadrian. Dated year 19. Listed as BMC 867, but not found in Milne. Extremely fine. (15.00)

1060 HADRIAN. Emperor in temple, being crowned by Sarapias. This coin, dated year 17, shows a fascinating temple scene involving the dominant Egyptian god. BMC 876, Milne 1379, this coin is in fine condition. (17.50)

"LABORS OF HERCULES" REVERSE TYPES

1061 ANTONINUS PIUS. "HERAKLES AND THE AMAZON" The vigorous action depicted on this reverse shows Hercules about to strike the prostrate Amazon queen. The "labors" themes were issued only in Pius reign, and all are quite rare. This piece, issued in year 10, is not found in BMC or Milne, but is Dattari 2617. Fine and extremely rare. (25.00)

1062 ANTONINUS PIUS. "HERAKLES AND THE CRETAN BULL" This "museum piece" is in unusually high relief, and depicts clearly the powerful muscles of both Hercules and the bull. This very rare variety was issued in year 5, and is not listed in BMC or Milne. Very fine to extremely fine, choice. (35.00)

1063 ANTONINUS PIUS. "HERAKLES AND ECHIDNA" In this representation, the kneeling Echidna begs for her life, as Hercules prepares to strike. One of the rarest "labors", this fine coin was issued in year 10. Light green patina, and rather delicate art work. BMC 1053 variety, Milne —. (25.00)

1064 ANTONINUS PIUS. "HERAKLES AND THE ERYMANTHIAN BOAR" This piece depicts perhaps the most savage representation of Hercules, as he raises the struggling boar over his shoulders, preparatory to hurling it. Issued in year 10, this is an apparently unpublished variety of BMC 1046 and Milne 1911. About fine, with even wear, and very rare. (27.50)

This small very interesting collection of historical and artistic medals of renown, predominantly Charles V and Philip II was collected by a prominent Latin American collector who bought these medals during a period that medals brought very high prices and besides having bought most of these in countries where medals are most popular. In the U. S. A. unfortunately medals are not as heavily collected as for instance in the Netherlands, Germany or England. The total valuations based on the collectors cost of thes medals is about 3300 dollars. I have lowered these to a mere total of about 1500 in order to bring these up to date with present American auction prices. We suggest however that you bid top estimate or a bit above in order to obtain these magnificent collectors items.

COLONIAL AMERICA

THE GRAVEYARD HOARD

The following Spanish 8 Reales are from the famed "Graveyard Hoard", unearthed in an Indian burial ground near Lima, Peru. They carry the portraits of either Charles IIII or Ferdinand VII, with dates ranging from 1808 to 1825.

"Pieces of 8", well known in tales of piracy and the Spanish Main, have a secure place in American history — they were legal tender throughout the United States until February 21, 1857. It is unusual to have so many choice pieces available at any one time.

Coins from this famed "Graveyard Hoard" already have found their way into many distinguished American collections. From this spectacular numismatic find, more than a hundred uncirculated coins and many in lesser condition already have been sold. The number of coins now available from this hoard quite naturally is limited in number — the wise collector will be guided accordingly. A certificate accompanies each coin.

READ CAREFULLY

TERMS OF SALE

1. Auction sales ARE NOT approval sales. Read these terms carefully. By submitting bids you agree to the terms set forth below. All coins have been classified by experts and while errors will be gladly corrected NO LOT MAY BE RETURNED WITHOUT WRITTEN PERMISSION. Request to return coins MUST BE MADE WITHIN THREE DAYS OF RECEIPT OF COINS.

2. All bids are to be by LOT as numbered in the catalogue. When identical bids are received, preference is given to earliest bidder.

3. This is a UNRESTRICTED PUBLIC AUCTION. All bids are entered as received and highest bidder will be the buyer. Mail bidders may feel free to submit any bid they wish and each lot will be purchased for such bidders at the next highest bid over room bidders.

4. Bidders must establish credit or have on deposit 25% of TOTAL bids.

5. Lots will be available to room bidders after each session.

6. Mail bidders will receive their lots promptly after the end of the sale. All ACCOUNTS MUST BE SETTLED PROMPTLY IN U.S. FUNDS, or in other currencies if special arrangements have been made.

7. Lots delivered in New York City are subject to 3% Sales Tax.

8. There will be no charge for executing bids but postage and insurance will be added, and a handling charge for heavy lots and books.

9. Where estimates are given they represent either the owner's idea of value or our professional opinion as to what they should bring. IN ANY EVENT THEY ARE ONLY ESTIMATES AND YOU CAN BID HIGHER OR LOWER. We recommend however, if you want the lot, bid close to or over estimate, this does not mean that our estimate is too high. It only means that the coin is not popular among collectors and few people compete for it. The estimates are what the **coin should be worth.**
